Andy Hunt

In the industry since the early 1980s, **Andy Hunt** is one of the seventeen founders of the Agile Alliance, which launched the Agile Manifesto and the agile movement. Andy is a programmer, consultant, author, publisher, and co-founder of the Pragmatic Bookshelf. He co-authored the best-selling book *The Pragmatic Programmer* and five others, including the recent award-winning *Practices of an Agile Developer*. At conferences and private corporations throughout the US and Europe, Andy is a frequent speaker on topics ranging from software development to management and cognition. When not working, Andy is an active musician composing, recording, and playing trumpet, flugelhorn, and piano.

Handouts and materials for
Pragmatic Agility
will be provided by the instructor
during the class session.
